## RENT ME!

Our 1962 English double-decker bus has been lovingly restored and is available for charter!

A previous owner who wanted to buy it back, conveyed to us that he knows for a fact that the Beatles had ridden this very bus back when it ran the streets of London. This is supposedly why he bought it in the first place.

Now we don't know if this information is really true, but we like the sound of it—so that's our story and we're sticking to it.

Speak to a manager or check out our website for rental information.
